First Definite Move Toward Drafting of Ordinance for Operation of Frankford Line

F APPROVED MAYOR CAN THEN MAKE IT EFFECTIVE

At a conference on the Frankford elevated today it was decided to petition the Public Service Commission for its views on the operating agreement of-fered by Thomas E. Mitten, president, of the P. R. T.

This is a definite step toward com-pletion of an ordinance which would sutherize leasing of the city-built line

to the company. It is the fruit of a long series of conferences.

Public Service Commissioner Clement, Richard Weglein, president of Council; City Solicitor Smyth and Co'e-

man J. Joyce, counsel for the P. R. T., attended, the session in Mr. Weglein's City Hall office. At its conclusion the Council presi dent issued this statement:
"A meeting was held today in my of-

fice at which several points raised dur-less the meeting of the committee of in the stomach. informally discussed.

"At the suggestion of Commissioner Clement it was agreed to submit the points in question in the form of a settion to the Public Service Commission. Mr. Clement promised speeds. ing the meeting of the committee of the whole in Council, January 9, were petition to the Public Service Commis-sion. Mr. Clement promised speedy action upon the petition and stated that

Major Points in Petition

The major points under discussion which will be included in the petition are the graduated return offer made by Mr. Mitten, the length of the proposed ase, the rate of fare, the number of cars the city is to supply and the ques of physical connection with the Market street subway-elevated.

A lease agreed upon by the city and the P. R. T. Company, under the pub-lice-service law, would have to receive the sanction of the Public Service Com-mission. The petition is intended to facilitate matters and avoid the danger of unfavorable action by the commis-
